At the Faculty of Teacher Education in Zagreb, Croatia, we educate teachers of primary education (generalist teachers), but also teachers of primary education who specialize at teaching a certain additional field, such as foreign languages (English and German), Croatian as a mother tongue, IT, Arts (not all of which are offered to international students).

Therefore, we have divided the courses we offer to foreign students into three categories:

- 1.) general courses aimed at the education of generalist teachers (marked in green),
- 2.) the courses offered in English and aimed at teaching English as a foreign language (marked in orange) and
- 3.) courses offered in German and aimed at teaching German as a foreign language (marked in purple)

International students may choose any of the courses on the list (green, orange and purple). Rather good knowledge of the English (at least B2, preferably C1) and German is required should one choose the "orange and purple" courses, while the "green" courses do not focus on one's linguistic skills.

Therefore, it is **HIGHLY RECOMMENDED** that the courses aimed at students who are studying to become future English language teachers (marked in orange) are selected and attended only by those international students who focus on English in their studies (or whose mother tongue is English).

It is also **HIGHLY RECOMMENDED** that the courses aimed at students who are studying to become future German language teachers (marked in purple) are selected and attended only by those international students who focus on German in their studies (or whose mother tongue is German).

An der Fakultät für Lehrerbildung in Zagreb, Kroatien, bilden wir Grundschullehrkräfte für den Primarbereich aus, aber auch Lehrkräfte, die sich zusätzlich dazu für die Lehre in einem bestimmten Bereich für die gesamte Grundschule (Primarstufe und Sekundarstufe I) spezialisieren. Diese Bereiche sind: Fremdsprachen (Englisch und Deutsch), Kroatisch als Muttersprache, Informatik und Kunst.

Da ausländischen Studierenden nicht alle Lehrveranstaltungen aus allen angeführten Bereichen angeboten werden, haben wir die Lehrveranstaltungen, in welche sich auch ausländische Studierende einschreiben können, in drei Kategorien aufgeteilt:

- 1.) allgemeine Lehrveranstaltungen für die Ausbildung von Grundschullehrkräften für den Primarbereich (**grün gekennzeichnet**),
- 2.) Lehrveranstaltungen für die Ausbildung von zukünftigen Englischlehrern in englischer Sprache (**orange gekennzeichnet**),
- 3.) Lehrveranstaltungen für die Ausbildung von zukünftigen Deutschlehrern in deutscher Sprache (**violett gekennzeichnet**) und

Internationale Studierende können sich in jede der aufgelisteten Lehrveranstaltungen (**orange**, **grün** und **violett**) einschreiben. Für die Lehrveranstaltungen, die in der Liste orange und violett gekennzeichnet sind, sind gute Englisch- bzw. Deutschkenntnisse (mindestens auf dem Niveau B2, wünschenswert C1) die Voraussetzung. Lehrveranstaltungen, die in grüner Farbe in der Liste angeführt sind, sind nicht auf die sprachlichen Fähigkeiten der Teilnehmer fokussiert.

Es wird **NACHDRÜCKLICH EMPFOHLEN**, dass Lehrveranstaltungen für zukünftige Englischlehrer (**orange gekennzeichnet**) nur von den internationalen Studierenden eingeschrieben werden, die Englisch studieren (oder deren Muttersprache Englisch ist).

Es wird **NACHDRÜCKLICH EMPFOHLEN**, dass Lehrveranstaltungen für zukünftige Deutschlehrer (**violett gekennzeichnet**), nur von den internationalen Studierenden eingeschrieben werden, die Deutsch studieren (oder deren Muttersprache Deutsch ist).
